BETHEL SUMMER PLAYGROUND ENDS FIRST SESSION

June 30 ended the first session of the Bethel Summer Playground Program. The Playgrounders put on a play, adapted from the book McBroom and the Beanstalk by Sid Fleischman, a truly fine performance! About 33 children participated by acting and working on costumes, staging, invitations. Following the play the children completed their day cleaning up and then a rough and tumble game of "Team-Killer Ball"; the younger children played assorted ball and table games.

Nonetheless exciting was the Doll Carriage and Bike Parade held on Thursday, June 29, for the little ones aged 2-5. Winners for having the most outstanding bikes were Eric Anderson and Pearl Pitcher; winners of the doll carriage prizes were Molly Gray and Martha Newell.

Although the first session has ended, don't forget to come back for two more fun-filled weeks, July 31-Aug. 11, and the Junior Playground Olympics on Aug. 11!

Northwest Bethel

— Clarice Gibson, Corres. —

Another near perfect week end. (I wonder though, if I was camping, if this would be my sentiments as the temperature got into the low 40's and a stiff breeze). The sky was a beautiful shade of blue with occasionally a cloud to break the color. The breeze was a Godsend to berry pickers as it not only helped with the heat; but also helped drive the mosquitoes away. So many of the flowers are out in full bloom. By Dr. Mason's, he has a long strip of field daisies and purple clover. One day I was driving along the road when I saw a girl about eight going up the driveway to a house, her arms loaded with a bouquet of daisies, Indian paintbrushes, and purple clover. I wonder if the mother would appreciate this gift of a young child. How often we forget to appreciate the simple things in our mad scramble for the material things of life. We also have hundreds of white and purple foxglove, beautiful roses, and many others.

Sunday, Ben, Andy, and Ben IV came for a visit after taking Ben to the Rumford Animal Park. Later my folks, Mr. and Mrs. George Allen and Aunt Sara Andrews came so with the two boys, George and Ira, had quite a gathering. Ira went back with the Tuckers as he had to work Monday.

Mrs. Dexter Stowell brought up her mother-in-law and husband, Mr. and Mrs. Charles Gabrielson, from Boca Raton, Fla., and Mrs. Sandra Stowell Seaver from Corona Del Mar, Calif., so that they could pick themselves some strawberries. Janet Stowell was the nurse who had to come every day during most of November into January when the weather was at its worse. Now it is beautiful down here, she doesn't have to come. Such is life.

George went up to Orono Wednesday so he would be sure to see his brothers, James and Frank III. He spent one day there; on the way back he stopped at the Tucker family in Readfield and spent a night, and stopped the next night with his grandparents, the George Allens in Norway.

The frames are fast rising on the homes being built by Mr. and Mrs. Danny Gibbs and Mr. and Mrs. Roland Glines.

Aunt Sara Andrews came up from Albany Thursday to help do the dishes and sweep the floor. She stayed to help until the middle of the afternoon.

Bill Chase and wife, Deana, Wilton, were guests for Tuesday dinner and supper. Jody Shimamura and Richard Saunders also had dinner with us.

Mr. and Mrs. Joe Shimamura stopped into Ledgeview nursing home Thursday to see Wallace Coolidge. Gerry also stopped and talked to Abbie Brown.

Shawn Smith, son of Mr. and Mrs. Larry Smith, of North Conway, N. H., came Monday to stay a few days with his grandparents and family, Mr. and Mrs. Homer Smith, Jr.

Mr. and Mrs. Ernest Angevine's daughter and family, the Bob Baudos came Sunday for the summer. On the way through they stopped at Augusta where Bob's class from Cony High was having its 20th reunion.

Denice Monico of Guilford, visited her friend, Kristy Angevine, daughter of Mr. and Mrs. Dick Angevine, July 1 and 2.

Sunday, Mr. and Mrs. Frank Benson had as afternoon guests, their son, Bradley, grandson Andy; and other son, Frank, with wife Carol, and children, Wendy, Randy, and Chris, from Augusta.

Lester Coolidge, who used to live on this road, is now living in Michigan where both his sons are living.

Mrs. Frank Benson, who is still recuperating at her home from pneumonia, had as visitors Thursday, her daughter Sharon, and children, Chantel and Anita, Waterford, and other daughter, Sylvia Gardner and son, Eric, Sabattus. Friday, Joan Coolidge made a visit in the afternoon.

Stanley Brown will be on vacation July 4th week.

Mr. and Mrs. Daniel Hannon went camping the week end of June 30 and July 1 to Moose Brook State Park, N. H.

Mr. and Mrs. Chuckie Mason and two children went for a picnic July 2 to Gilead State Picnic Grounds by the state line. They were joined by her parents, Mr. and Mrs. LeRoy Morgan and grandmother, Tina Morgan, of Greenwood, also her sister and family, Mr. and Mrs. John Wentworth and two children.

Mr. and Mrs. William Elliott, Rumford Point, were callers Sunday night of Mr. and Mrs. Ernest Angevine.

Take care if you are on vacation or going on vacation, that a happy time doesn't turn into unhappy times.

The Fun of Being a Boy

It's not a speck of use to tell
My lovely lady mother.
That there are times I have to yell
Or I would nearly smother.
For sometimes I am cattle,
Or I'm an Indian man.
I go to war and battle,
If my drum is just a pan.
She doesn't know why I must do
Some things she says annoy.
She would not know, how could she when
She's never been a boy?

Good news!

July electric bills are the lowest they've been since January of 1977. Thanks to a high contribution of low cost nuclear power and even lower cost hydro power, the basic charge for 500 kilowatt hours is $18.81. And even better news . . . beginning this month residential customers will no longer have to pay a State of Maine sales tax on the first 750 kilowatt hours used.

WALKING WITH JESUS CHRIST

What is Church?

The State of Maine can boast of beautiful churches, buildings of usually native wood painted white—often depicted on post cards—calendars in snowy scenes, in lovely autumn colors—beautiful towering steeples reaching high into our clear blue skies—cupola with bells to call the peoples to worship.

Webster's dictionary describes the word church in a number of ways including buildings and a body of believers. The Bible tells us that God wants a church, a people to be his and worship Him in joy and peace—even in a land flowing in milk and honey. From Adam, through Abraham to King David, God has wanted His own house—but it was not until the year 100 B. C. that the Lord let King Solomon build a Temple—the most ornate building, suitable for God to stay and have His people worship Him. Yet over the years the people failed Him and it was then up to Christ Jesus to take over the job, and He did—Matt. 16:18 "—Upon this rock I shall build my church—".

The true church began not as a building but as an assembly of people—a body of believers on the day of Pentecost—Acts Chapter 2—I Cor. 12: 12, 13 14; and there is abundant scripture that God's purpose in this age is to "call out" the church, the body of Christ.

Over the years we have interpreted the Bible to suit ourselves, we have built beautiful structures "churches", made them comfortable to "worship" in, yet we walk around with our eyes and ears open—seeing and hearing not a thing—we listen to the vain callings of television, radio and "literature" for we know not God nor believe on His Word.

Simply it is this: when the Pastor preaches the Word (sharper than a two edged sword) and we the people "hear" the Gospel—God will call us. His purpose for us is being fulfilled as we personally accept Jesus Christ as our Saviour and Lord—then will our beautiful buildings be used of God and they will become a place of worship and praise—and we can relate to II Cor. 5:11 "—wherein we have a building of God an house not made with hands—".

THE HARRIS HATHAWAYS CELEBRATE 50th ANNIVERSARY

A golden wedding anniversary party was held for Harris and Edith Hathaway at their home in Bryant Pond, Sunday, July 2. The party was planned and arranged by their children, Burton, Harriet (Estes), Phyllis (Jordan), and their granddaughters.

They were married on June 30, 1928, in Bryant Pond at the home of Mrs. Hathaway's parents, Mr. and Mrs. Arthur Andrews, by Rev. A. W. Young. The best man was Lloyd Hathaway and maid of honor was Helen Andrews Ring. Flower girl was Alice Andrews Wardwell and pianist was Pauline Paine Parks.

The gift table was attended by granddaughters, Elaine Estes and Delia Jordan, with another granddaughter, Tania Hathaway, cutting the cake, which was made by their daughter, Phyllis Hathaway Jordan, Waterford.

Pouring punch and coffee were Deborah Millett and Margaret Jordan. The guest book was circulated by Karen Estes.

More than 150 guests were present from the towns of Woodstock, Rumford, Bridgton, Orono, Peru, Portland, the states of Massachusetts, Vermont and Pennsylvania.

Telephone calls were received from California and Pittsfield, Maine.

NEW HOME INSULATION STANDARDS MADE EFFECTIVE BY Fm.H.A.

New insulation standards for housing in rural areas financed by the Farmers Home Administration (FmHA) will be put into effect, Elwyn R. Morrow announced last week.

Implementation of the standards, first scheduled for March 15, had been held up during federal court consideration of a suit by the National Association of Home Builders challenging the new code. After FmHA prepared additional environmental material and a further hearing on the case was held, U. S. District Judge George L. Barr Jr., dissolved a preliminary injunction. While certain aspects of the lawsuit remain to be resolved, the new insulation standards can now be implemented.

The new thermal standards are designed to provide for heavier insulation and other measures to make FmHA-financed housing less costly to heat or cool, and to conserve energy. They will apply to newly-built homes and apartments financed by FmHA, and, insofar as is economically feasible, to existing housing purchased or repaired with FmHA loans. Better weatherizing through more effective insulation, storm doors and windows and other techniques will help families to reduce high fuel and energy expenses that jeopardize their ability to afford adequate housing.

Details of the standards, which vary by climatic conditions, are available from the County Office at 1 Main Street, South Paris.

Housing loans administered by FmHA, a U. S. Department of Agriculture agency, serve all rural areas including towns of up to 10,000 and designated towns of 10,000 to 20,000 that are not in Standard Metropolitan Statistical (SMSA) Areas and have a shortage of mortgage credit for families of low and moderate income. FmHA will finance approximately 50 homes and two apartments for Oxford County during fiscal year 1978.

Letters to the Editor

To the Editor:

I was disturbed by the letter in last week's paper from "G. M." expressing great disappointment in the performance of an anonymous group of "house workers." I was sorry that the author was not able to find anyone in the area to work to his or her satisfaction. What concerned me most, however, was the fact that the writer was unable to deal with the people as individuals but was driven to express his or her dismay through the paper. Pity poor G. M.! Perhaps he or she might get better results by treating those employees as real people with real needs for friendliness and recognition. I have had occasion to work with a good many people who earn all or part of their living as chambermaids, housekeepers, houseworkers or whatever title you choose and have found little reason for complaint. As with all human relationships, as you treat others so are you treated in return.

— Mrs. Arline Bernier, Corres. —

The Lavallees celebrated the Fourth of July by banging up Roger's car and another vehicle. State Troopers arrived and took charge.

A planning board meeting was held Monday night. Donald and Mrs. Scott presented their plans for their home which will be built on the Martin Colby house lot. The plans were accepted and the owners were referred to the building inspector for the next step.

Larry Wade and cast presented "The Wizard of Oz" at the church Saturday evening. The church was pleasantly filled with an appreciative audience. A large cake, and punch was served and gifts given the talented players. We are promised another fine show for Labor Day week end.

Phyllis Tucker announced the birth of her first grandchild, born June 24 to Mr. and Mrs. David Tucker. The boy is named Kenneth David.

Most of the camps were occupied over the week end. Several have a week long vacation.

Yvonne Viens and Linda Blais are working at Cole's Restaurant in Errol.

A hearing was held Saturday concerning serving liquor in the Upcountry Restaurant. There was little opposition voiced and the request was granted.

Fred has been haying.

The northern lights put on a spectacular the night of the Fourth.

THANK YOU

Wow! The Street Dance was a big success and even more so was the feeling of real community with all the volunteers. Thank you each one. It's "go" again for next year.

Greenwood City

— Mrs. Colista Morgan, Corres. —

As I sat this afternoon on the lawn, I scanned the pond and surroundings. The sun was warm, the water lilies peeped from the water surface, their blooms not yet fully opened.

On the rose blossoms I noticed the humming-bird moth. The pretty creature darted away in search of another flower, its long, slender bill suddenly rolled up into a tiny knob under its "chin". One would instantly know it was not a humming bird for a humming bird's bill never varies. It is so full of energy and how it loves bee balm, which hasn't yet opened. It hovers above the plants each day waiting for the time when they will be in bloom. How do these birds travel so far in migration; not by land to Yucatan but across the Gulf.

"The hummer has a bill and
feathers neat and trim;
The moth, a thread-like rolled-
up tongue beneath its little chin.
In the honeysuckle room, with
wings a dreamy blur
Before a sweet old-fashioned
bloom they poise and dart and whirr."

Around me stretched the ageless forest, filled with birds, animals, insects, plants, trees, and flowers.

Two tiny red squirrels, which have just appeared ran past. Chippy eating at my feet scrambled for the bushes but soon returned to continue his work of carrying seeds to his hole at the top of the driveway-hill.

A big deer-fly arrived with hunger in his eye but before I could slap it a swooping hornet grabbed it. Secretly I was glad and cheered the big hunter. He carried his struggling victim to a tiny branch about three feet away and began his meal. He twirled the fly with his legs, clipped off its wings and in a very few minutes only its ugly head was left to fall to the ground.

But even hunters are hunted. This world must require perpetual alertness for all small creatures who use it. A fox stalks the rabbit; a mouse is taken by the weasel; the weasel is snapped up by an owl; a hornet is eaten by a spider. Night and day these things take place. I wouldn't like to be surrounded by such objects.

In the maple branches above me I could hear restless baby birds anxious to try their wings and get out in the world.

So June which has given us uniform green, ripe strawberries blood red and sweet; wild roses with blooms of special pink, and fireflies winking on the lawns and overall open spaces is now gone just as summer has begun.

A sweet, pungent fragrance now hovers over the country side for July brings haying time with freshcut grass wilting in the hot sun.

"Dear, golden summer,
My heart holds it all:
The sound of the cricket,
The redbird's glad call,
The stream in the valley
That ambles along,
The laughter of children,
The splendor of song."

—Garnet Ann Schultz

Doris Hayes and I met with several other teachers at Beryl Bonney's camp on Monday where we had lunch then spent the afternoon.

Tuesday, my sister, Annie Mills and I went to the Day Homestead and visited Lettie Brooks. Wednesday evening we spent with our cousin, Lula Newell, at her home in West Paris.

The tragic accident that took the life of Michael Inman last week brought sadness to us all. He had spent his summers here for some time. Much sympathy goes to his parents, Mr. and Mrs. Vernon Inman, and all members of the family.

David Holt is visiting his parents this week. Ann Holt came home for the week end.

The Hayes family met at Ardell and Betty's cottage on North Pond, Norway, on Sunday to spend the day. Ardell broke a finger while building a wall. Baby Austin Hayes came home from the hospital and spent his first day at the cottage.

"Buster" and Lenora Waterhouse of Portland spent Saturday night at the Hayes Homestead. Scot Hayes, West Paris, visited there Friday and Saturday. Glenn and Kerry Hayes, Gray, are there all this week to help with the haying.

The weather has been a bit on the warm side and lots of sun. It was hot at Frank Perham's junk yard on Monday when a flash fire levelled his large garage at noon. Several fire departments from out of town came to assist the West Paris fire department.

Eveline Barrett, Doris Lawrence, Myrtle Downing, Marietta Penley, Lena Dean went to Lake Thompson, Monday, and got the Collette camp ready and they arrived at 5:30 p. m. as we were getting ready for a feed. It was the first time since 1964 that the girls and Hazel Collette had been together all at the same time and we all talked together. Rose Hill also helped us. She is Lena Dean's sister-in-law. Pete brought a cucumber plant with him and put it into the corner of the garden. It had eight blossoms on it. He also brought six lettuce plants so he was busy, also planted onion sets.

Mr. and Mrs. Joe Kalinowski, Mr. and Mrs. "Root" Lawrence, Mr. and Mrs. Herman Card went to New Hampshire Thursday evening for a supper in honor of their wedding anniversaries that came on the week end of July 1-4.

Many boats, trailers, and cars were on the road Friday and there was a bad accident near Cooper's farm stand on Route 26. There was a death and some injuries in the head-on crash just before noon. A bad start for the week end. Our sympathy to all.

Many of the out-of-town workers are on vacation the week of July 3. Hope it doesn't rain every day.

A man was at Herbert Stevens one day this week, surveying and finding a suitable place for septic tanks.

Our sympathy to the family of Arthur Buck. He had been in ill health for a long time.

Not much news this week, due to the heat. Will try to get out and gather more next week end.

CARD OF THANKS

Our sincere thanks to our friends and neighbors for their sympathy expressed in so many beautiful ways, at the loss of our loved one. Special thanks to Larry Whitman, Diane York, I. W. Andrews and Son, Dr. James Eshleman and Rev. Gordon Newell for their kindness. Everything is deeply appreciated.

Real Estate

On Older Homes

Every year, twice as many American families buy older (or previously - occupied homes) than they do new houses. Depending upon the age of the home, naturally, there may be some unknown risks in the area of construction, plumbing, or wiring. However, these can be obviated by a professional inspection.

But there are also some major advantages to buying an older home. It normally contains for more space than a new home in the same price range, and there are a great many more older homes than new homes for sale which gives you a wider opportunity to make a good buy. Also, many older homes have a charm, location, and graciousness that can't be found in a new home.

True, a new home will give you fewer maintenance problems and more modern built-in appliances, however, there is much to be said for the older home too. The best approach is to look at both and weigh the merits. We'll be happy to show you a fine selection of both older and new homes to choose from.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel. Phone: 824-2122, 824-2579. We're here to help!

STATE POLICE ASK MOTORISTS TO INSIST ON THOROUGH VEHICLE INSPECTION

The Maine State Police advise motorists to make sure when they take their motor vehicle to be inspected it is done thoroughly for their own safety.

"Motorists who by law are supposed to have their vehicles inspected by a State licensed motor vehicle inspection station should make sure that the items required by law to be inspected are indeed inspected," said Colonel Allan H. Weeks, Chief of the State Police.

Col. Weeks said Traffic & Safety Division officers are making a maximum effort in cooperation with licensed station owners and certified mechanics to make sure that motor vehicles are being inspected as required by law.

A key part of the motor vehicle inspection, Col. Weeks said, is the road testing of the vehicle before the actual inspection by a State certified mechanic. The Maine motor vehicle inspection includes

—Brakes (including the emergency brake)

—Steering mechanism and suspension system (including tires and wheels)

—Exhaust system

—Lights (include head, tail, directional, and rear plate lights, rear reflector, and headlight aim). If the headlight aim has to be adjusted, there may be an additional charge.

—Rust (especially frame rust, along with body rust and protruding metal edges)

—Mirrors, horn, window glass, and seat belts
